Dear Editor,

We are sending the new version of the manuscript (Article ID 53366) including, as requested, the sample power calculation (line 203 to 207). We also included a new paragraph between lines 857 to 880 in discussion session, and checked all tables. The English language correction was performed (certificate attached) and the following title was suggested “*TCF7L2* rs7903146 polymorphism association with diabetes and obesity in an elderly cohort from Brazil”.

I would like to thank you for the opportunity to improve the manuscript.

Yours sincerely,

Dr Flavia Errera
