Title: Effects of the age of raised beds on the physicochemical characteristics of fruit orchard soil in the Vietnamese Mekong Delta.

Journal: PeerJ

Round: 4

Dear Editor and Reviewer,

We would like to thank the editor and reviewer for your comments and suggestions for us to edit the manuscript before going to a publishing process. We address the comments listed with our responses at the below.

Best wishes,

Reviewer comments:

1. The reference formatting is not according to the journals format. So, I strongly urge the authors to go through the journals format for reference formatting.

Response: Thank you very much. We have already formatted the references based on the PeerJ Journal regulation.

Editor comments:

1. The English language must be checked by a fluent English native speaker or use some editing service. The experiments have already been conducted so it must be in the past tense.

Response: Thank you very much. We have already sent the document to Editage for editing the English language. The certificate of English editing attached in the below.

2. In the M&M section the GPS location of the study site must be included.

Response: Thank you very much. We added the GPS location in the Materials and Methods section.

3. The number of replications and designs used in the study must be included.

Response: Thank you very much. We added the replications and the design of this study in the Materials and Methods section.
